

The wrong people, in the wrong place, at the wrong time with the wrong luggage, a psychopathic criminal and a troublesome snake

## Metro Theatre opens its 53<sup>rd</sup> season with the hilarious farce **HEATSTROKE**

**September 12 - October 3, 2015**

**(August 20, 2015)** HEATSTROKE by Eric Chappell. Set in a Spanish villa, Sam and Fay Spencer think they are about to have a peaceful and relaxing freebie holiday thanks to Fay's boss - but how wrong can they be!! The villa has been double booked, with the actor Howard Booth and his girlfriend Dodie arriving shortly after the Spencers. Just to compound the confusion there is a mix-up over 3 identical holdalls (luggage) one of which is filled with cash. That leads the sinister Raynor and criminal Mad Dog Moon to the villa. Frantic, chaotic comedy ensues.

Director Rita M. Price describes HEATSTROKE as “a feel good play with witty dialogue - one great line after another.” The assumed identities, breakneck pace and mishaps of sheer farce, mixed with the tension, mystery and startling plot reversals of a thriller make this a clever and amusing production.

HEATSTROKE is directed by **Rita M. Price**, produced by **Heather Stewart**, and stars: **Paul Klogman** as Sam Spencer, **Deborah Spitz** (Paul's real wife) as Fay Spencer, **Steve James** as Howard Booth, **Corey Woods** as Dodie, **Kevin Sloan** as Mad Dog Moon and **Lloyd Darling** as Detective Inspector Raynor with Fred the snake playing himself.
